

THE FELLA WAY

A couple host a lovely dinner for three couples who are their friends. The skit starts as one of them is saying the butt end of a vulgar joke on the dinner table.

GUY 1

Then the bar tender said, "yeah and I'll wipe my ass with it too"
(or)
What do you call a gay dinisour? A
MegaSoreAss or LickALotofPuss,
depending on the gender.

All the guys laugh as they stand up wiping their mouths and throw their napkins at the table. The girls look at each other like, 'well that's not funny at all and rather tasteless humor.' The male host offers another beer for everyone and the wife immediately speaks out like she got a great idea.

GIRL 1

Hey lets watch a movie.

The guys look at each other like, welllll OK.

GUY 2

What do you got?

GIRL 1

You've got mail, Sleepless in
Seattle, Must love dogs, Titanic,
and Green Mile.

GUY 1

Hey Titanic's not bad

GUY 3

(Pointing and smirking.)
Pussy...

All the guys laugh hysterically.

GUY 2

Doesn't the Green Mile have that
big black guy from the movie
Friday?

GUY 4

Yeah, I think it does, if its got
him its gotta be good.
They all show agreed approval and
begin to get situated on the sofa.

GUY 2
 (Repeating the famous line
 from Friday)
 You got done knocked the fuck out!

They all get comfortable next to their girlfriends. They begin to watch content until the movie has sad scenes but they all think its really funny laughing at all the inappropriate scenes. The girls are looking at each other weeping and holding in their tears from the emotional roller coaster of the movie.

Guy 2 and Guy 3 slap hands and high fives from such hysterically comedy of the ridiculousness and facial expressions of Michael Clarke Duncan as he releases bugs out of his body through his mouth and go into Tom Hanks. The women clinch their pillows and get teary eyed.

GUYS
 Hahahaha

A friend calls Guy 1 and he has to pause the movie not to miss one second of this hysterically comedy.

He notices who is calling on the color ID.

Guy 1

Hey watch this... hmmmh (containing his laughter)

He picks up speaking like if it the call went to voicemail:

Guy 1

Hi guys, I just ate a volume and will be going to sleep early so I can fuck this hooker that I already paid for tomorrow. Please leave your name and number and I will get back to you as soon as I am done with her. Beep!!

They all look at each other holding in their ambitious laughter.

Then the caller proceeds to just leave a message like no big deal but with a gay voice, "hey its Andre, just seeing what your up to. Give me a call when you get a chance. -click- and hangs up not giving Guy 1 the chance to let his laugh and say just kidding, what's up! Either way they look at each other like, did that just really happen? And let out an alcohol induced funny laughter.

Girl 1

Was that my father?

Guy 1

Yeahhh!!! hahaha

Guys

Ahahahahahahaah

One guy falls over laughing to close the skit.

The next scene shows everyone leaving the house saying their good-bys and thank yous for a lovely evening very politely.

Guy 1

Thank you all very much, I really enjoyed our time together we should do this again some time.

Guy 2

Pussy....

Guy 1

I was talking to your wife Guy 1.

Then jumps an about-face and farts really crudely.

They all share a final satisfying laugh as they close the door.

(CLOSING SHOT WILL BE FRAMED BY THE ENTRANCE DOOR FRAME AND WHEN THE DOOR SLAMS THE SKIT ENDS.)
